CLASS GIVES IN.

Agricultural Students Make Apology And Go to Work.

Amherst, Mass., Feb. 21.—The senior class of the Massachusetts Agricultural College, whose members decided last week to withdraw in a body when announcement was made that three of their number had been suspended for disturbing a recitation, yesterday receded from their position and returned to college work.

All but the three suspended members appeared at chapel, and later went to recitations as usual.

At the chapel an apology was offered to the college and to Prof. C. S. Walker, in whose department the disturbance occurred on February 7, and the apology was accepted by acting President W. P. Brooks.

The settlement of the difficulty is due to the efforts of local alumni of the institution. The names of the suspended men have not been made public.

ROYAL TOMB OF GOLD.

Magnificent Mummies Found by T. M. Davis at Luxor.

New York, Feb. 20.—The Herald, in a copyrighted dispatch from Cairo, says:

Particulars are now at hand regarding Theodore M. Davis' discovery at Luxor. The tomb is that of the daughter of King Emenhotep III., the father and mother of the wife queen.

The mummies of her father and mother have been unwrapped and searched for jewels, possibly by the ancient Romans, but nothing has been disturbed beyond this.

The tomb is crowned with gold leaf carved gilded chairs, alabaster jars and religious symbols of the finest quality. A complete chariot, with wheels, pole and neck yokes, has also been found, the body of the chariot being covered with gold leaf.

The collection is regarded as the most beautiful and extensive yet discovered in one tomb.

THE STORY OF A DOCTOR'S PRESCRIPTION

Father John's Medicine was originally prescribed for Rev. Father John O'Brien of Lowell, Mass., in 1855, by an eminent specialist.

He was very much "run down" and suffering from a severe cough and cold, and this prescription produced such wonderful results in his case that he afterwards recommended it to his parishioners and friends.

In this way it became popularly known as Father John's Medicine, and many thousands have since benefited by this valuable prescription.

\$25,000 GUARANTEE.

As a guarantee that the story of Father John's Medicine is absolutely true the sum of \$25,000 will be given to any charitable institution if it can be shown otherwise. Also it is further guaranteed that if Father John's Medicine does not do all that we claim for it your money will be refunded.

BROTHER FRANCIS' TESTIMONY.

STUDENTS FOR REVOLT

Extraordinary Meeting in St. Petersburg.

VOTE TO CLOSE UNIVERSITY

Demand Constitution and Civil Rights—Youthful Speakers Denounce the Government's Course.

London, Feb. 20.—In a great meeting of students and instructors of St. Petersburg University, which was held at noon today, the fate of Sergius was glorified.

The meeting was held to discuss the question of joining in the general strike inaugurated by similar institutions in Russia, and decided to close the university until fall.

The meeting was held in the auditorium of the university, a sprawling pile of yellow buildings on Basil Island, Neva Hall being comparatively small and incapable of holding one-fifth of the 4,000 students assembled.

From the outset student orators set the imagination of their auditors aflame with the spirit of liberty, unapologetically denouncing the course of the government, declaring that promises could no longer avail and that the only satisfaction would be freedom of speech, conscience and the press and the convocation of a national assembly. The majority coupled this with a demand for ending of the war.

Almost every orator went back to the French revolution for parallels. Again and again was Russia declared to be on the eve of a revolution.

Senator Shidlovski, president of the commission appointed by Emperor Nicholas to ascertain the causes of discontent among the working classes of St. Petersburg, in a note issued today invites the employers and workmen to elect representatives of the different industries, while the workmen of the various establishments can choose electors who, March 3, will elect forty-five delegates to serve on the commission. Each establishment employing from 100 to 500 persons is entitled to choose one elector, and those employing 500 to 1,000 persons two electors. Concerns employing over a thousand persons are entitled to an elector for each 500 employees. Both men and women are entitled to vote, but delegates must be men who have worked at least a year in the respective factories, and must be freely elected by the workers themselves without interference on the part of the employers. The note issued by Senator Shidlovski guarantees the personal safety of the delegates.

GRAND DUKES FEARFUL.

Ask the Czar to Take Measures to Protect Them.

Paris, Feb. 21.—A despatch from St. Petersburg to the Aurore says that a meeting of the members of the Russian imperial family was held last Saturday, and it was decided to ask the Czar to take proper measures for their effective protection. All pronounced violently against making any concessions to the reformers.

GRIPENBERG WAITING.

Censured by the Czar, Who Withholds His Decision.

Paris, Feb. 21.—The St. Petersburg correspondent of the Petit Parisien says that when the Czar received Gen. Gripenberg on Friday at Sankoe-Selo, he censured him severely and ordered him to return to St. Petersburg, and there await his decision, which would be communicated to him in four days.

JAPANESE PRIZES.

Two British Ships Laden With Coal Captured.

Tokio, Feb. 21.—A Japanese warship yesterday captured the British steamships Silvana and Powderham, both bound for Vladivostok with Cardiff coal. Their cargoes aggregated 10,500 tons.

Washington, Feb. 21.—Consul Harris, at Nagasaki, Japan, has reported to the state department that the American steamship Tacoma has not been captured by the Japanese, as was reported some time ago.

FLEET'S PROGRESS.

Russian Warships on Their Way Out of the Baltic.

Copenhagen, Feb. 21.—The third Russian Pacific squadron, which sailed from Liban on Wednesday, passed Langeland Island this morning, going northward, on its way out of the Baltic. It was under escort of a Danish torpedo boat and a German ironclad. The latter turned around after the squadron had passed through the Langeland Strait and proceeded to the southward.

STRUCK ON HEAD BY A LOG.

Rouses Point Man Badly Injured By Falling of Derrick.

Rouses Point, Feb. 21.—Another very serious accident occurred at Willard's mill Saturday afternoon. While Joseph Dare was raising a log with a derrick, it fell and struck him on the head. Doctor Letourneau was called, but owing to the swelling of the head could not determine whether the skull was fractured. Dare has a large family.

Frank Lewis while passing an engine in the railroad yard at Albany, Vt., was struck in the face by a broken brake and badly cut and bruised.

SAW HIM LEAVE.

Porter Says Stranger Came Out of Hart's Stateroom.

New York, Feb. 21.—That the man who shared the stateroom with John A. Hart, and who is suspected of having killed him was seen by a negro porter as he was leaving the stateroom of the Joy line steamer Larchmont in which Hart's body was afterward found, was ascertained yesterday when the steamer arrived in this city.

The porter, Moses Thornton, said that he was eating his breakfast in the forward part of the saloon at 10:30 a. m., Sunday, when he saw a young man leaving the stateroom. The porter described the man as about 19 years old, short and fat, with a smooth face. He wore black clothing and a slouched hat, but no overcoat. He looked the stateroom door and passed Thornton, remarking "Eat 'em up, Jack," as he did so. The young man landed at Providence before the death of Hart had been discovered.

MURDERED ON BOAT.

John A. Hart of Providence Found Yesterday Afternoon.

Providence, R. I., Feb. 20.—John A. Hart of this city, 25 years old, and an engineer employed last summer on H. H. Rogers power boat Vixen was murdered on the Joy line steamer Larchmont while a passenger from New York to this city Saturday.

The murder was not discovered until yesterday afternoon, when, after all the other passengers had left the steamer.

The body was found in the upper berth with a bullet wound in the neck. The body was clothed in under garments but the outside clothing, jewels and money of the man were missing. No weapon was found.

NEW HOCH MARRIAGE.

Baltimore Woman Tells of Brief But Expensive Experience.

Chicago, Feb. 21.—Mrs. Mary Kyle of Baltimore has identified a newspaper picture of Johann Hoch as the husband who deserted her several years ago in Chicago.

Mrs. Kyle says she answered an advertisement in a Toledo newspaper of a man who wanted to marry a "refined widow." She received a letter from "Henry Kyle" asking her to come to Cincinnati. She did so, and they were married on April 27, 1898.

She left him at once because he compelled her to work for him, but he wrote love letters, and she sent him money, and finally returned to him.

ONLY ONE BOY BORN IN CARSON IN YEAR

Fifty-Six Girls Came Into the World During the Same Period—Curious Theory Advanced to Account for Difference.

Reno, Nev., Feb. 21.—The startling fact has been brought out that of all the births in Carson City, the capital of Nevada, during the last year only one boy has been born. He arrived a few days before the old year passed out.

The total number of births, according to statistics, was fifty-seven; fifty-six of these young Nevadans are girls.

Physicians state that it is not unusual for the ratio to be uneven and in favor of the girls, but they cannot recall when the percentage has been so great. They offer no explanation for the strange condition.

"It just happened that way, I guess," said one of the Carson doctors, who was visiting Reno Saturday. "We noticed the shortage in the number of births so far as boys were concerned, but, really, until a few days ago, gave the matter little thought. It was brought to my attention by Controller Sam Davis. I have since tried to solve the mystery, but without result."

Environment is given as a solution by one resident of Carson. The city, naturally isolated, is beautifully situated in a valley; trees and shrubbery and pretty homes abound. Except during the session of the legislature, there is seldom anything out of the ordinary going on.

These quiet conditions, it is argued, naturally result in a feminine temperament, the preponderance of girls in the birth records resulting.

FOUR SUITS FILED.

Against Hurd, Sherman & Co., Water Works Constructors.

Rutland, Feb. 21.—Four suits have been filed for the March term of the Rutland county court against Hurd, Sherman & Co., a concern incorporated under the laws of New York, which had the contract to construct the West Rutland water works last fall. The contractors have not yet fulfilled all the terms of their agreement and the water works is mentioned as trustee in all the suits. The plaintiffs are Hollis D. Segur of Waterbury, Conn., Troy Public Works Co. of Troy, N. Y., John A. Sylvester of Rutland and the Medina Quarry Co. of Medina, N. Y. The suits are brought to recover for services rendered and for material furnished, not for the West Rutland job, but for contracts outside of the state. The claims aggregate several thousand dollars.

SOME POSTAL CASES.

Post Office Inspector Rapp Looking Up Alleged Violations.

Rutland, Feb. 21.—United States Marshal Horace W. Bailey of this city states that about 30 witnesses have been summoned to go before the grand jury at the regular session of the federal court at Burlington next week. This large number of witnesses indicates one of the longest grand jury terms for some time. D. J. Rapp of White River Junction, postoffice inspector for Vermont, has been in conference with the federal officers in this city several times lately, and it is expected that some violations of the postal laws will be considered by the grand jury.

DIED FROM WOUND.

Charles Winch of Addison Leaned on Muzzle of His Gun.

Middlebury, Feb. 20.—Charles Winch, aged 16 years, son of Monroe Winch, of Addison, died Sunday morning from the effects of a gunshot wound received Saturday forenoon while the boy was hunking in the "Town Line" woods.

Young Winch attempted to climb a pile of logs, and in doing so, leaned against the muzzle of his gun, accidentally discharging the weapon. The charge entered the body, penetrating the stomach and lungs. Medical aid was summoned but it was found, upon making an examination, that an operation would be of no benefit.

PROMINENT STOCKBRIDGE MAN.

Egbert Sheldon, Former Town Representative, Died Yesterday.

Bethel, Feb. 21.—Egbert Sheldon, aged 75 years, died at his home here of pneumonia yesterday morning. Mr. Sheldon was selectman of the town of Stockbridge 12 years and represented the town in the legislature in 1902. He leaves a wife, a son, N. L. Sheldon of Boston, and a daughter, Mrs. George Marsh of Bethel.

OIL WAR IS SPREADING

Many States Follow Kansas' Lead

IN STANDARD OIL FIGHT

West Aroused Over Petroleum Company's Monopoly—Oklahoma Makes the Move—Missouri and Wisconsin About to Act Also.

Topeka, Kan., Feb. 21.—The state of Kansas may investigate the Standard Oil Company's operations. The legislature may also make inquiries of Congress regarding the Indian Territory oil leases. State Senator Smith has prepared a resolution, providing for the appointment by the legislature of a committee to investigate the charges filed with the commissioner of corporations at Washington by the representative of the Kansas Oil Producers' Association.

The leaders in the legislature have planned also, it is said, to demand of the Kansas delegation in Congress that the Foster lease on the Osage reservation in Indian Territory be annulled, on the ground that the Standard intends to discriminate against the Kansas field by securing from this territory all oil the company needs.

The anti-discrimination bill, which was passed by the Senate last week, and made a special order in the House this afternoon, probably will be the last of the anti-trust measures to be considered by this session of the legislature.

When the bill came up yesterday, objection was made to its immediate consideration, and it was carried over until next Friday for a further hearing.

OTHER STATES FOLLOW.

Missouri, Oklahoma and Wisconsin Take Up Oil Fight.

Kansas City, Mo., Feb. 20.—The Missouri legislature may be asked to take up the Kansas fight against the Standard Oil Company.

Guthrie, Ok., Feb. 20.—A bill providing for a territorial refinery has been presented in the House.

Madison, Wis., Feb. 20.—Following the example of the Kansas legislature, the Wisconsin legislature, it is said, will soon investigate the Standard Oil company.

NEW STANDARD OIL FACTS.

President Hears Them and Will Urge Them on Garfield.

Washington, Feb. 21.—Representative Campbell of Kansas, author of the resolution passed by the House for the Standard Oil investigation, had another long conference with President Roosevelt yesterday and went over the grounds of the complaint against the company thoroughly. Mr. Campbell supplied the President

BABY'S DELIGHT

And CUTICURA Ointment, the great Skin Cure.

Not only are they the purest, sweetest, and most effective for preserving, purifying, and beautifying the Skin, Scalp, Hair, and Hands of infants and children, but they afford instant relief and refreshing sleep for skin-tormented babies, and rest for tired mothers, in the severest cases of torturing, disfiguring, itching, burning, bleeding, scaly, crusted, and pimply skin and scalp humors, eczemas, rashes, and irritations, with loss of hair, and are sure to succeed when all else fails.

Sold throughout the world. Cuticura Soap, 50c. Ointment, 25c. (in form of Chocolate Ointment, 50c. per tin of 50c.). Depot: London, 27, Chancery Lane, E.C. 4, and 2, The Strand, London, W.C. 2. Sole U.S. Agent: J. C. Ayer & Co., Lowell, Mass.

with added details, and Mr. Roosevelt assured him that he would urge these on Commissioner Garfield's attention.

One striking fact mentioned by Mr. Campbell is that offers to give information are coming in from volunteers in all parts of the country. Communications from persons asserting that they have needed information at once turned over to Mr. Garfield. The President has determined to make the investigation as thorough in the other fields of the country as in the Kansas region, and the services of about fifty experts will be utilized.

TWO KILLED; OTHERS MAY DIE.

Boiler at Mine in an Ohio Town Explodes.

Wheeling, W. Va., Feb. 20.—By the explosion of a 25-horse-power boiler at the Providence mine, near St. Clairsville, O., today, two men were killed and three others are said to be fatally hurt. The engine house was wrecked.
